

■ **Your trusted partner**
for
Cosmetic Ingredients

■ Empowering innovation through expertise, reliability & service

About SLI Chemicals GmbH

■ **Founded in 1997**, SLI Chemicals is an international trading & distribution company focused on high-quality raw materials and functional active ingredients

■ **Our key markets** are cosmetics, detergents/cleaning agents, nutritional supplements, pet food

■ **Headquartered** in Frankfurt am Main, and supported by a Germany-wide network we are primarily active in the DACH region

■ **Our unique strength:** Own application lab for cosmetics, detergents, and cleaning agents – Stability-tested formulations under various temperature conditions for market-ready solutions

■ **Our comprehensive cosmetics portfolio** combines diversity and quality – from proven classics to innovative active ingredients

■ Our customers can choose from a **broad product selection:** conventional raw materials, specialized ingredients, COSMOS/NATRUE-compliant & certified organic options

■ With a **clear focus on quality & expertise:** we support our customers in developing trend-driven, customized, and effective solutions

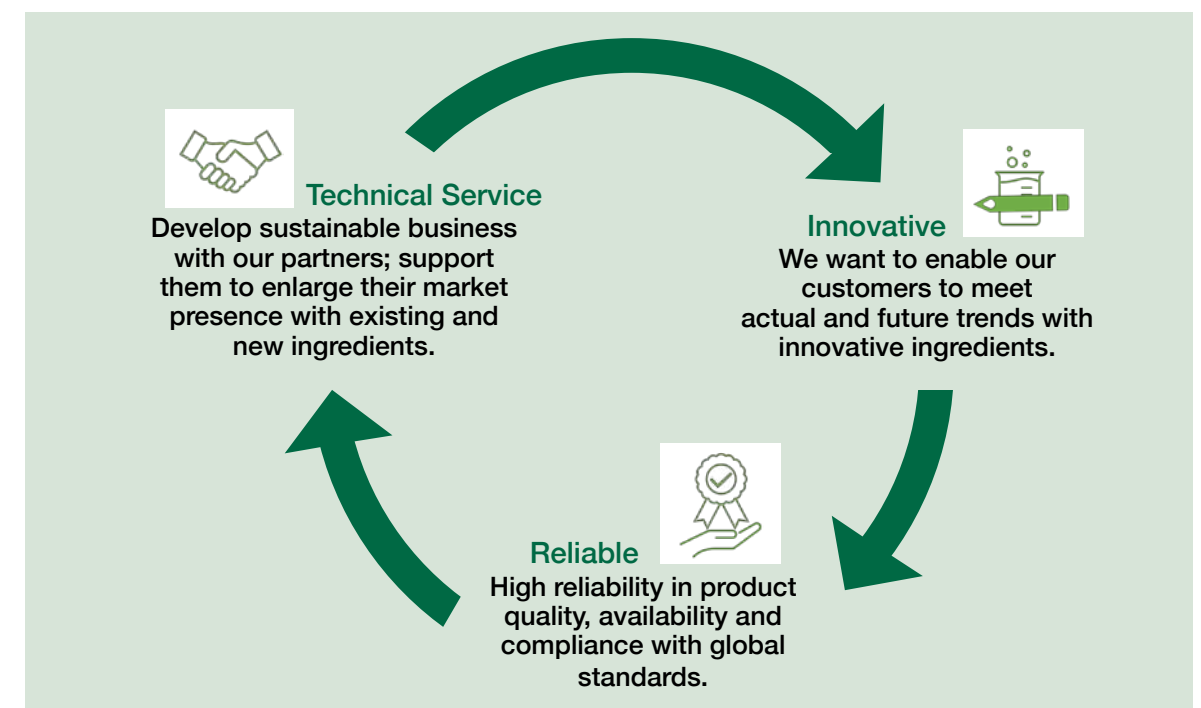

Application Service

SLI's application laboratory provides to our customers services such as:

- Formulation Development
- Trouble-Shooting
- Prototyping
- Regulatory Support

Active Ingredients

Hyacolor™ Oil-dispersed Sodium Hyaluronate

- Benefits**
- High content of Natural Moisturizing Factor-Sodium Hyaluronate (HA)
 - Unique HA microsphere technology
 - Perfect transdermal absorption
 - Excellent **Lip-plumping, Repairing, Moisturizing**

INCI SODIUM HYALURONATE, RICINUS COMMUNIS (CASTOR) SEED OIL, HYDROGENATED CASTOR OIL

- Properties**
- Perfect for Color Cosmetic like lipstick, lip gloss, foundation, BB cream, etc.
 - COSMOS approved
 - In vivo and in vitro tested
 - Use level: 0,1% – 2,0%

Natural Lip Balm (SLI-036)

A natural lip balm for soft and smooth lips. Due to the high-quality ingredients, this formulation provides excellent lip-plumping, repairing and moisturizing effects.

Phase	Ingredient	INCI	%w/w	Function
A	JD Jojoba Organic Colorless Oil (Jojoba Desert (A.C.S) Ltd.)	SIMMONDSIA CHINENSIS SEED OIL	28.50	Emollient
	Nat Organic White Beeswax (NATUROCHIM S.A.S.)	CERA ALBA	19.00	Stabilizer

	Nat Gascony Plum Butter (NATUROCHIM S.A.S.)	PRUNUS DOMESTICA SEED OIL, HYDROGENATED PRUNUS DOMESTICA SEED OIL, TOCOPHEROL	15.00	Butter
	Olealight™ (GILAS sas)	BUTYROSPERMUM PARKII BUTTER, OLEA EUROPAEA FRUIT OIL, GLYCERYL OLIVATE, POLYGLYCERYL-4 OLEATE, LINOLEIC ACID	20.00	Emollient
	Hyacolor™ (BLOOMAGE)	SODIUM HYALURONATE, RICINUS COMMUNIS SEED OIL, HYDROGENATED CASTOR OIL	2.00	Active
	RICE PO4 NATURAL (AGRANA Stärke)	DISTARCH PHOSPHATE	5.00	Sensory Enhancement
	Vitamin-E-Acetate	TOCOPHERYL ACETATE	0.50	Active

Botaniplex™ BALANCE SA
Improves the microbial and immune **BALANCE** in dry skin

- Benefits**
- Anti-inflammatory
 - Reduces growth of harmful bacteria Staphylococcus aureus
 - Supports growth of beneficial bacteria Staphylococcus epidermidis
 - Stimulates the skin's natural defense mechanisms (enhances defensin expression)
 - Anti-oxidative
 - Anti-itch
- INCI** GLYCERIN, AQUA, AILANTHUS ALTISSIMA BARK EXTRACT, SAGUISORBA OFFICINALIS ROOT EXTRACT
- Properties**
- Easy incorporation in formulations
 - Use level: 0,2% – 1,0%

Botaniplex™ BALANCE SC
Controlling microbial and sebum **BALANCE** in oily skin

- Benefits**
- Anti-inflammatory
 - Reduces growth of harmful bacteria Staphylococcus capitis and Cutibacterium acnes
 - Reduces growth of the fungus Malassezia furfur
 - Supports growth of beneficial bacteria Staphylococcus epidermidis
 - Anti-oxidative
 - Sebum regulating
- INCI** GLYCERIN, AQUA, PHELLODENDRON CHINENSE BARK EXTRACT, CHRYSANTHEMUM INDICUM FLOWER EXTRACT
- Properties**
- Easy incorporation in formulations
 - Use level: 2,0% – 5,0%

Botaniplex™ CALM 4
Keep **CALM** love your skin no matter your age!

- Benefits**
- Anti-inflammatory
 - Anti-oxidative
 - Lightening (inhibits melanin synthesis)
 - Protects skin extracellular matrix against degradation by MMP1 (collagenase)
 - Preserves hyaluronic acid by inhibiting hyaluronidase
- INCI** GLYCERIN, AQUA, RHEUM PALMATUM ROOT EXTRACT, SCUTELLARIA BAICALENSIS ROOT EXTRACT, GLYCYRRHIZA GLABRA ROOT EXTRACT, CNIDIUM MONNIERI FRUIT EXTRACT
- Properties**
- Anti-aging
 - Anti-redness
 - Soothing, calming
 - Use level: 1,0% – 4,0%

Botaniplex™ CLEAR
Face the world again with **CLEAR** skin!

- Benefits**
- Anti-inflammatory
 - Anti-oxidative
 - Rebalances the disturbed skin microbiome by prebiotic support of commensal bacteria (S. epidermidis)
- INCI** GLYCERIN, AQUA, PHELLODENDRON CHINENSE BARK EXTRACT, SANGUISORBA OFFICINALIS ROOT EXTRACT, RHEUM PALMATUM ROOT EXTRACT, PORTULACA OLERACEA EXTRACT, CHRYSANTHEMUM INDICUM FLOWER EXTRACT, SCUTELLARIA BAICALENSIS ROOT EXTRACT
- Properties**
- Easy incorporation in formulations
 - Use level: 1,0% – 3,0%

Pantrofina® HYDRAFEEL-3
The Water Memory Defender

- Benefits**
- Its natural film-forming properties protect the skin's surface and prevent water loss
 - Protects the hair cuticle
 - Increases the strength and heat resistance of the hair fibres, which also improves the glossy appearance
 - Modulating water holding capacity in different environmental conditions:
 - Normal conditions: +12%
 - Warm-humid conditions: +20%
 - Dry Conditions: +18.2%

INCI POLYGLYCERYL-3 PCA

- Properties**
- COSMOS, NaTrue, VEGAN, CHINA listed (different INCI)
 - In vivo tested
 - Use level: 0,2% – 3,0%
 - For Skin Care, Sun Care, Hair Care and Make-up

Pantrofina® KLAMATH
The algae-powered solution for radiant skin

- Benefits**
- Effectively mitigates inflammation-associated skin aging
 - Reduces IL-6 and IL-8 secretion by 84% and 68%
 - Strengthens the skin barrier function
 - Improves skin firmness under extreme photoaging conditions

INCI DEXTRIN, APHANIZOMENON FLOSAQUAE EXTRACT, SODIUM BENZOATE, POTASSIUM SORBATE

- Properties**
- COSMOS, NaTrue, VEGAN, CHINA listed
 - In vivo and in vitro tested
 - Use level: 0,1% – 0,3%
 - For Skin Care, Body Care, After Sun Care and Make-up

Water Memory Defender Cream (SLI-059)

Skin care formulation combining fine emollients, actives and moisturizers. The unique combination regulates the water balance in the skin and strengthens the inner and outer skin barrier.

Phase	Ingredient	INCI	%w/w	Function
A	Water demin	AQUA	QS

Pantrofina® EYELIGHT BH
Eye Contour Rejuvenation

- Benefits**
- A Botanical complex, rich in vitamins and antioxidants
 - Anti puffy eyebags
 - Reduction of loss of elasticity
 - Whitening efficacy on dark circle
 - Decongestant and smoothing skin treatment

INCI ADANSONIA DIGITATA SEED OIL, HELIANTHUS ANNUUS (SUNFLOWER) SEED OIL, HELICHRYSUM ANGUSTIFOLIUM FLOWER EXTRACT, BRASSICA OLERACEA ITALICA (BROCCOLI) SPROUT EXTRACT

- Properties**
- COSMOS, NaTrue, VEGAN, PALM free, CHINA listed
 - In vivo tested
 - Use level: 0,1% – 0,3%
 - For Skin Care, Eye Care

Eye Gel-Cream (SLI-049)

The Moisturizing Eye Gel-Cream is a light gel cream for the dehydrated eye area and helps reduce signs of skin aging and bags under the eyes.

Phase	Ingredient	INCI	%w/w	Function
A	Water demin	AQUA	QS	
	PuraBeet® Betaine Anhydrous (AGRANA Betain)	BETAINE	3.00	Humectant

Pantrofina® J-GRAVITY
Defying Gravity

- Benefits**
- A combination of Bancha Tea flavonoids and the Cell-Carrier Technology of lavender EO to fight the effects of gravity
 - Tested booster efficacy
 - Clinically tested:
 - Wrinkle Reduction
 - Skin Elasticity & Moisturizing
 - Face Contour Redefining
 - Anti Sagging Effect

INCI LAVANDULA HYBRIDA OIL, CAMELLIA SINENSIS EXTRACT

- Properties**
- COSMOS, NaTrue, VEGAN, PALM free, CHINA listed
 - In vivo tested
 - Use level: 0,5% – 1,0%
 - For Skin Care, Body Care, Make-up

Sharohyal® Matrix
A Powerful Synergy for a Superior Wrinkle Care

- Benefits**
- Ultimate solution containing 5 different hyaluronic acids with different molecular weight for a skin longevity effect
 - Increasing collagen synthesis – in vitro evidence
 - Decreasing melanin synthesis – in vitro evidence
 - Delivering 15% immediate and long-term reduction in wrinkle depth

INCI AQUA, SODIUM HYALURONATE CROSSPOLYMER, PROPANEDIOL, GLYCERIN, HYDROLIZED GLYCOSAMINOGLYCANS, SODIUM HYALURONATE, HYDROLYZED HYALURONIC ACID, HYALURONIC ACID

- Properties**
- VEGAN, CHINA listed, readily biodegradable
 - Cell Carrier Technology
 - In vivo and in vitro tested
 - Use level: 0,5% – 1,5%

Sharohyal® GLYCACID ECO
Penetration Booster

- Benefits**
- Natural and multifunctional encapsulation and delivery system for skin and hair applications
 - Anti-ageing, deep moisturizing (forerunner of hyaluronic acid)
 - Active ingredients penetration factor
 - Cellulitis treatment (draining of interstitial liquids)
 - Promotes re-epithelization and thus is a healing adjuvant

INCI GLYCERIN, HYDROLYZED GLYCOSAMINOGLYCANS

- Properties**
- COSMOS, NaTrue, VEGAN, CHINA listed, PALM free
 - Cell Carrier Technology
 - In vivo and in vitro tested
 - Use level: 0,5% – 5,0%
 - For Skin Care, Body Care, Hair Care

Hydresia™ SF2

Natural and Multifunctional Encapsulation and Delivery System for Skin and Hair Applications. EMULSIFIER in the formula, EMOLLIENT on the skin.

- Benefits**
- Improves first skin layer hydration
 - Makes stratum corneum thickener, improving skin barrier
 - Has positive impact on the ceramide content in the superficial skin layers, on hydration and in skin barrier strengthening
 - Stabilize the emulsion
 - 100% natural, complex organelles of safflower seeds

INCI CARTHAMUS TINCTORIUS (SAFFLOWER) OLEOSOMES, AQUA

- Properties**
- COSMOS, VEGAN, CHINA Listed
 - Cell Carrier Technology
 - 65% Oleosome
 - Use level: 5,0% – 20,0%

After Sun Lotion (SLI-044)

The nourishing after sun lotion with valuable ingredients soothes the skin after sunbathing and provides intensive moisture.

Phase	Ingredient	INCI	%w/w	Function
A	Water demin	AQUA	QS

Bioecto™ Ectoine

Natural repair factors derived from extremophiles

- Benefits**
- Amino acid derivative and belongs to the group of extremolytes.
 - Tests prove that Bioecto™ Ectoine has remarkable protective and repairing effects, helping the skin resist against external pressure.
 - Can be widely used in personal care products such as repair, anti-pollution, sun care, anti-aging products and color cosmetic products.

INCI ECTOINE

- Properties**
- White powder
 - Easy incorporation in formulations
 - Use level: 0,1% – 2,0%

PuraBeet® Natural Betaine

PUREBEET – Crystalline Betaine

- Benefits**
- Ingredient for skin and hair care products.
 - Recognized for its hydrating properties for skin and hair care as well as for eliminating skin irritations.
 - Produced from GMO free sugar beets.

INCI BETAINE

- Properties**
- White, free-flowing crystals
 - Easy incorporation in formulations
 - Heat stable up to 200°C
 - Use level: 1,0% – 5,0%

Hyafactor™ PGA

Promotion of natural moisturizing factors in the skin

- Benefits**
- Promote the accumulation of NMFs (Natural moisturizing factors)
 - Reduction of hyaluronic acid (HA) degradation
 - Enhance hydrating and moisturizing capacity of skin
 - Improve elasticity and softness of the skin
 - Inhibition of melanin production
 - Effect of synergy with other ingredients

INCI SODIUM POLYGLUTAMATE

- Properties**
- Different molecular weights available
 - White powder
 - High purity
 - Use level: 0,05% – 1,0%

microHA™ Super Active HA

Super Active Hyaluronic Acid

- Benefits**
- Excellent transdermal absorption
 - Ultra high antioxidant activity
 - Significant anti-inflammatory effect
 - Ultra high repair activity

INCI HYDROLYZED SODIUM HYALURONATE

- Properties**
- Almost white or pale yellow powder
 - Soluble in water, can be added directly to water
 - Molecular weight: ≤ 5000 Da
 - Use level: 0,05% – 0,5%

INAWAVE® -
The New Upcycled Collection

INAWAVE® is the new upcycled collection of cosmetic actives and functional ingredients from our partner INABATA.

This collection presents a fine selection of high-quality cosmetic ingredients carefully sourced from agricultural by-products or waste streams from local producers.

Aligning with increasingly popular consumer trends each extract is selected and processed to meet both efficacy and sustainability demands.

INAWAVE® Almond Shell

Sourced from organic almonds cultivated by a local producer in the South of France this cosmetic active ingredient provides anti-inflammatory, energizing, and hydrating properties.

Ex Vivo performance tests confirm that INAWAVE® Almond Shell can significantly reduce IL-1α release in keratinocyte cultures, demonstrating a clear anti-inflammatory and soothing effect. This can help improve skin texture, reduce signs of aging, and enhance overall skin health.

- Benefits**
- Skin Care – INAWAVE® Almond Shell contains chlorogenic acid, which provides anti-inflammatory, energizing, and hydrating properties
 - Anti-Inflammatory
 - Energizing
 - Hydration
 - Protection
 - Antioxidant
 - COSMOS approved

INCI GLYCERIN, WATER, PRUNUS AMYGDALUS DULCIS (SWEET ALMOND) SEEDCOAT EXTRACT

- Features**
- Yellow clear liquid
 - Soluble in water
 - Excellent compatibility with a wide range of ingredients
 - Excellent stability across a broad pH spectrum and temperatures
 - Produced from organic almond shell
 - ISO 16128 NDI

Recommended use level

- 1%

INAWAVE® White Tea

The selected white tea leaves are sourced from the mountains of the Chinese region of Zhejiang far from urban pollution.

By upcycling end-of-harvest leaves – often left behind – the hidden value for cosmetic use can be unlocked while helping farmers benefit from their entire crop.

INAWAVE® White Tea contains caffeine, catechin, and epicatechin, which provide antioxidants, hydrating, and energizing properties.

Ex Vivo performance tests confirm that INAWAVE® White Tea can help to reduce protein carbonylation (oxidatively damaged proteins) caused by environmental stressors like UV radiation and pollution.

- Benefits
- Skin Care

- Antioxidant

- Energizing

- Hydration

- Anti-inflammatory

- Protection

- COSMOS approved

INCI GLYCERIN, WATER, CAMELLIA SINENSIS LEAF EXTRACT

- Features
- Yellow clear liquid

■ Soluble in water

■ ISO 16128 (NDI 1)

- Recommended use level
- 1% – 3%

INAWAVE® Chestnut Bark

Through upcycling, chestnut bark byproduct from sawmills in the Cévennes region of France, is transformed into a high-quality cosmetic ingredient that would otherwise be lost as fuel.

INAWAVE® Chestnut Bark contains castalagin and vescalagin, which provides energizing and hydrating properties.

Ex Vivo performance tests confirm that INAWAVE® Chestnut Bark can help to reduce protein carbonylation (oxidatively damaged proteins) caused by environmental stressors like UV radiation.

- Benefits
- Skin Care

- Energizing

- Hydration

- Antioxidant

- Anti-inflammatory

- Protection

- COSMOS approved

INCI GLYCERIN, WATER, CASTANEA SATIVA (CHESTNUT) BARK EXTRACT, SODIUM BENZOATE

- Features
- Dark brown liquid

■ Soluble in water

■ ISO 16128 (NDI 1)

- Recommended use level
- 1% – 3%

INAWAVE® Grapevine

Through upcycling, vine by-products from agricultural cooperatives in the Champagne region of France, are transformed into a high-quality cosmetic ingredient that would otherwise be disposed.

INAWAVE® Grapevine contains resveratrol, viniferin, and vitisin, which provide hydrating properties. Additionally, it has antimicrobial properties, successfully eliminating *S. aureus* and *P. aeruginosa*.

Ex Vivo performance tests confirm that INAWAVE® Grapevine can help retain skin moisture.

- Benefits
- Skin Care

- Hydration

- Antioxidant

- Protection

- Anti-inflammatory

- Energizing

- COSMOS approved

INCI

PROPYLENE GLYCOL, WATER, VITIS VINIFERA (GRAPE) VINE EXTRACT

- Features
- Dark red liquid

■ Soluble in water

■ ISO 16128 (NDI 1)

Recommended use level

■ Up to 2%

INAWAVE® Liquorice Leaf

In France’s Bouches-du-Rhône region, liquorice leaves from organic cultivation are being upcycled into high-quality cosmetic ingredients. Traditionally discarded during the four-year root harvest cycle, these naturally fallen leaves now offer a sustainable and value-adding way to diversify the use of this medicinal plant.

INAWAVE® Liquorice Leaf contains pinocembrin, which provides protective and energizing properties.

Ex Vivo performance tests confirm that INAWAVE® Liquorice Leaf can help protect the skin barrier function.

- Benefits
- Skin Care

- Protection

- Energizing

- Hydration

- Antioxidant

- Anti-inflammatory

- COSMOS approved

INCI

GLYCERIN, WATER, GLYCYRRHIZA GLABRA (LICORICE) LEAF EXTRACT

- Features
- Yellow clear liquid

■ Soluble in water

■ ISO 16128 (NDI 1)

Recommended use level

■ 1% – 3%

Emollients

Oleawhite

Blend of natural plant-derived triglycerides

- Benefits**
- Alternative to Petrolatum
 - Reduces TEWL
 - Increasing skin hydration
 - Very good moisturizing properties
 - COSMOS approved

INCI OLUS OIL

Olealight™ L

A vegetable alternative to Lanoline

- Benefits**
- Provides pleasant skin feeling
 - Contributes to water resistance of formulations
 - Very good moisturizing properties
- INCI** BUTYROSPERMUM PARKII BUTTER, OLEA EUROPEA (OLIVE) FRUIT OIL, GLYCERYL OLIVATE, POLYGLYCERYL-4 OLEATE, LINOLEIC ACID

Gilsolide® HVN

A “green” alternative to volatile oils

- Benefits**
- Highly dry and spreading emollient
 - Non-greasy feel
 - Completely biodegradable
 - Very good dispersing agent for UV-filters
 - COSMOS approved

INCI C13-14 ALKANE, POLYGLYCERYL-4 OLEATE, GLYCERYL OLIVATE

Product	INCI	Description
Gilsolide® CN	C13-14 ALKANE POLYGLYCERYL-4 OLEATE, GLYCERYL OLIVATE	■ Manufactured from vegetable-derived raw materials and completely biodegradable ■ Imparts dry and silky textures ■ Olive oil derivatives supports moisturizing properties
Gilsolide® CS	C15-19 ALKANE, DICAPRYLYL ETHER, OLIVE OIL	■ „Green“ alternative to volatile silicon oil ■ Imparts dry and silky textures ■ Excellent dispersing properties ■ Palm oil free
Gilsolide® ECN	POLYGLYCERYL-4 OLEATE, GLYCERYL OLIVATE, C13-14 ALKANE	■ Blend of vegetable components derived from food grade Brassica Campestris (Rapeseed) Seed Oil and Olea Europea (Olive) Fruit Oil ■ Similar properties to silicon oils, Squalane and light esters
Gilsolide® HVN	C13-14 ALKANE, POLYGLYCERYL-4 OLEATE, GLYCERYL OLIVATE	■ Highly dry and spreading emollient ■ Manufactured from vegetable-derived raw materials and completely biodegradable ■ Very good dispersing agent for UV-filters
Gilsolide® VN	C13-14 ALKANE, POLYGLYCERYL-4 OLEATE, GLYCERYL OLIVATE	■ „Green“ substitute to volatile silicon oils ■ Mixture of vegetable components derived from food grade Brassica Campestris (Rapeseed) Seed Oil and Olea Europea (Olive) Fruit Oil ■ Lighter oil compared to Gilsolide® CN and is used when higher volatility is needed ■ Imparts dry and silky textures ■ Excellent dispersing agent ■ Olive oil derivatives supports moisturizing properties

Sharofeel® DS
NEW emollient of 100% natural origin

- Benefits**
- With excellent sensory and organoleptic properties
 - Odourless and colorless
 - Gives the texture a dry feel
 - Good spreadability and a silky finish
 - Light skinfeel
 - COSMOS, NaTrue, VEGAN

Sharofeel® LL
Light ester from vegetable origin

- Benefits**
- Soft and rich skin feeling
 - Good skin conditioning properties
 - VEGAN, CHINA listed

INCI LAURYL LAURATE

Sharofeel® LO
Ester derived from olive oil

- Benefits**
- Able to improve the skin feel due to its excellent spreading capability
 - Light skinfeel
 - COSMOS, VEGAN

INCI LAURYL OLIVATE

Sharofeel® Olive
Unsaponifiable fraction of olive oils

- Benefits**
- Rich in squalene and vegetable sterol
 - Strong moisturizing and softening properties
 - COSMOS, VEGAN, CHINA listed, PALM free

INCI OLEA EUROPAEA OIL UNSAPONIFIABLES

Anhydrous Deodorant Cream (SLI-024)

ZincoSense reduces odor through inhibition of odor causing bacteria on the skin. The cream glides smoothly on the skin and absorbs odors and moisture due to MAISITA 9040 and sodium bicarbonate. Normal application to each underarm provides 24 h wetness protection and deodorant effect.

Emulsifiers

EMUGIL K

Skin friendly O/W emulsifier

- Benefits**
 - Creates light and soft emulsions
 - Rich in moisturizing components
 - 100% biodegradable
 - China approved
- INCI** POTASSIUM CETYL PHOSPHATE, PCA GLYCERYL OLEATE, CAPRYLYL/CAPRYL GLUCOSIDE

Theomulse™ N

Skin and environmentally friendly emulsifier

- Benefits**
 - Supports velvet textures
 - Self emulsifying
 - Supports viscosity
 - 100% biodegradable
- INCI** THEOBROMA CACAO (COCOA) SEED BUTTER, GLYCERYL STEARATE, POLYGLYCERYL-4 OLEATE, SODIUM LAUROYL GLUTAMATE

Cold Process Lotion (SLI-062)

Cold process emulsions have gained popularity as a means of decreasing energy, production time, and prices. It is regarded as an environmentally friendly production technology that improves the sustainability of a cosmetic emulsion while considerably lowering the carbon footprint.

Emulpharma® MIMESIS RSPO MB
The perfect combination of sustainability & multifunctionality

- Benefits**
 - Easy to use in one pot process
 - Cold processable fluid-paste
 - Forms skin-like texture becoming a carrier for active ingredients
 - Leaves a smooth, silky and comfortable second skin feel
 - Tested as sodium hyaluronate’s carrier
- INCI** GLYCERIN, POLYGLYCEROL-3 COCOATE, LECITHIN, HYDROGENATED LECITHIN, AQUA
- Properties**
 - COSMOS, VEGAN, CHINA listed, RSPO MB
 - O/W primary emulsifier
 - Stabilize up to 20% of oils
 - High compatibility with polar and medium polar oils
 - Perfect to emulsify vegetal oils for natural formulations
 - Use level: 3,0% – 5,0%

Preservatives

SHARON AquaVita®
 World's **FIRST** vitamin based multifunctional preservation system

- Benefits**
- A True Multifunctional
 - Hydro-soluble Preservation System
 - Active Ingredient – Clinically proven skin benefits
 - Globally Approved
 - Effective against *P. gergoviae* & *B. cepacia* (gram negative bacteria)
 - Anti-Oxidant properties

- Properties**
- Readily biodegradable
 - Vegan
 - The product meets Halal and Kosher requirements
 - Palm free (Sharon AquaVita® 95)
 - RSPO (Sharon AquaVita® 90)
 - Waterless & Eco-conscious design
 - High solubility in water, can be added at any step of production process.
 - FREE FROM listed preservatives: phenoxyethanol, parabens, CIT/MIT & formaldehyde donors

Natural Oils – Highlights

Kern Apricot Seed Oil

NATRUE/COSMOS approved

- Benefits**
- Highly versatile botanical oil
 - Ideal for modern skincare and anti-aging products
 - Rich in natural tocopherols (vitamin E), oleic acid and phytosterols
 - Regenerative properties
 - Ideal for dry, irritated or aging skin
 - Reduces redness and enhances smoothness

- Characteristics**
- Light feel, emollient effect
 - Fast-absorbing

INCI PRUNUS ARMENIACA KERNEL OIL

KERN TEC

A SECOND LIFE FOR FOOD WASTE

Kern Tec is redefining the value of agricultural side streams by transforming the overlooked potential of fruit kernels into high-performance food and cosmetic ingredients. With roots in the food industry and a proven track record in upcycling technologies, Kern Tec specializes in the large-scale valorization of apricot, cherry and other kernels sourced from fruit juice and jam production.

As the cosmetic industry evolves toward zero-waste thinking, Kern Tec cosmetic ingredients offer both functional excellence and a strong sustainability narrative, making them a strategic choice for brands that care about their ingredients, customers, and the planet.

KERN OIL BENEFITS & APPLICATIONS

100% upcycled ingredient

- From fruit processing side streams (e.g. juice, jam production).
- New marketing approach for environmental responsible companies.

Natural masking agent

- Sweet, nutty, desert like tones with complex amaretto, marzipan and fruity profiles.
- Free from synthetic fragrance
- Ideal for perfume-free products

Fast skin retraction

- Pleasant skin feel (non-greasy)

Anti-Oxidant & Regenerative effect

- High amount of oleic and linoleic acid for antioxidant and regenerative effects
- Ideal for anti aging products

Plant-based carrier oils

- Ideal for sensitive and perfume-free formulations
- Emollient
- Lipid replenishers

Excellent skin compatibility

- Non-irritating, gentle on sensitive skin

Available qualities

Water Soluble Oils

RESPLANTA®

are non-ionic amphiphilic compounds that allow vegetable oils to be incorporated into aqueous formulations while maintaining transparency, without opacifying or affecting the foam.

Their versatile behavior makes them useful in many different and innovative compounds.

RESPLANTA® ingredients are produced using an exclusive trans-esterification technology, starting from pure vegetal oil and glycerin compounds.

RESPLANTA® PhytoNat

- COSMOS certified
- RSPO certified

Non-ionic surfactants derived from polyglycerols, with excellent dermal compatibility.
As the standard range, RESPLANTA® PhytoNat maintain characteristics of starting oils, but also marked surfactant and cleansing properties, rebalancing the degreasing effect of anionic and amphoteric surfactants.

Rheology Modifiers

Xanthan Gum

A Versatile Ingredient for Modern Formulations

BLG

Xanthan Gum is a multifunctional stabilizer and thickener widely used in cosmetic and personal care formulations. It enhances texture, provides a smooth application, and ensures the stability of emulsions, gels, and serums. Thanks to its excellent compatibility with a broad range of ingredients, Xanthan Gum helps formulators create products with appealing sensory properties and reliable performance.

Premium Xanthan Gum

Beyond standard qualities, we provide transparent grades for formulations where clarity and elegance are key. For applications with the highest hygiene standards, we also offer low-microbial Xanthan Gum, ensuring maximum safety and consistency.

Advantages at a glance:

- Enhances texture, stability, and sensory appeal in cosmetics
- Transparent grades for clear, refined formulations
- Low-microbial options for sensitive applications in food, pharma, and cosmetics
- Reliable performance and consistent quality

Product	INCI	Mesh Size	Total Plate Count (CFU/g)	Viscosity cp (1%, KCl)	Remarks
XG-HT80	XANTHAN GUM	80	≤ 1000	≥ 1400	Transparency (≥ 90%)

INAGEL green
Natural Texturizing Agent – PATENTED PREMIX

- Benefits**
 - Easy to use - pre-dispersed liquid form
 - Multifunctional
 - Gelling and Texturing
 - Thickening and Suspending
 - Co-Emulsifier and Stabilizer
 - Sensorial
 - Enhanced skin feel and penetration
 - Synergetic effects of components
 - Improve sensorial profile
- INCI** GLUCOMANNAN, POLYGLYCERYL-4 LAURATE, CAPRYLIC/CAPRIC TRIGLYCERIDE, XANTHAN GUM
- Properties**
 - COSMOS approved, CHINA listed, ISO 16128 (NI 1), Vegan, Preservative free
 - No neutralization, cold / hot process, before or after emulsion
 - Use level: 0,5% – 2,0%

DEXTRIN PALMITATE (OG-DP 11)
Naturally-derived oil gelling agent

- Benefits**
 - Excellent gelling of oil – compatible with most of oils (Mineral, Vegetal, and Esters)
 - Increase of viscosity of oil (oil-depending)
 - Very good pigment dispersion
 - Prevents pigment aggregation
 - Stabilization of emulsion
- INCI** DEXTRIN PALMITATE
- Properties**
 - COSMOS approved, CHINA listed, Vegan

Natural Apricot Oil Peeling Gel (SLI-060)

Natural facial peeling with apricot kernels.
Gently removes dead surface cells and impurities in the pores for silky smooth and radiant skin

Starches

Potato Starch

Maize Starch

Rice Starch

Tapioca Starch

STARCHES

have been proven as outstanding aesthetic modifiers. Moreover, their addition to emulsion systems is a unique natural way to improve the quality of emulsions.

- Pleasant skin-feel
- Mattifying effect as the emulsion is quickly absorbed
- Easy spreading without whitening or shininess
- Reduced stickiness and greasiness

LIKELY CANDIDATES

for optimization with granular starches are:

- | | |
|--------------------------|--------------------------------|
| ■ Creams and lotions | ■ After-shave balms |
| ■ Oil-free facial serums | ■ Emulsion foundations |
| ■ Sun-protection | ■ Anhydrous creams |
| ■ After-sun emulsions | ■ Deodorants & antiperspirants |

RICE PO4 NATURAL

The perfect powder ingredient for decorative cosmetics

- Benefits**
- RICE PO4 NATURAL is a perfect powder ingredient for fine face powder, make-ups as compact powders, complexion groundings, eye shadows, powder pencils and loose powders.
 - Remarkable properties compared to talcum are the better opacity and the better adhesion to the skin.
 - Provides velvet skin feeling.
 - Can act as matting agent and natural soft glimmer.
 - Very good opacity, adhesion and creaminess.
 - No clogging of skin pores.

INCI DISTARCH PHOSPHATE

POTATO-JEL NATURAL

Natural rheology modifier

- Benefits**
- POTATO-JEL NATURAL is used as natural rheology modifier in personal care emulsions and solutions, frequently in combination with xanthan.
 - It provides a smooth and creamy texture in emulsions.
 - It can be used also for jelly textures.
 - POTATO-JEL NATURAL is a powder and can be used also for cold processed formulations.

Sun Care

Eclipse®

is the latest generation of zinc oxide technology, providing the best transparency on the market without compromising UV performance.

Eclipse is available in coated and uncoated powder form as well as dispersions.

Eclipse® – Zinc Oxide Powders

Product	Function	Label
Eclipse® Z1	Uncoated zinc oxide	COSMOS; NATRUE
Eclipse® Z1-TECS	Zinc oxide coated with triethoxycaprylyl silane	
Eclipse® Z1-ZST	Uncoated zinc oxide and zinc stearate	COSMOS; NATRUE
Eclipse® G1	Granulated Eclipse® Z1	COSMOS; NATRUE
Eclipse® Z2	Uncoated zinc oxide; compliant to French government interpretation of Annex VI of EC1223/2009; meets DGCCRF criteria for acceptance in the French market	NATRUE
Eclipse® ZA	Uncoated zinc oxide; excellent choice to boost UVA performance of formulations; ideal for mineral and hybrid formulations	COSMOS; NATRUE
Eclipse® ZA-TECS	Zinc oxide coated with triethoxycaprylyl silane; as Eclipse® ZA but coated	

Eclipse® – Zinc Oxide Dispersions (produced with Polyhydroxystearic Acid)

Product	% Filter	UV-Filter(s)	Dispersion Base	Label

KanShield Max – UV-Booster

An all-natural COSMOS v4 certified SPF and UVA booster made from extracts of Pongamia Seed, Licorice, and Lotus Flower; powerful booster effective in small doses (0,25%).

INCI PONGAMIA PINNATA SEED EXTRACT, GLYCYRRHIZA GLABRA ROOT EXTRACT, NELUMBO NUCIFERA FLOWER EXTRACT

Ferulishield™ – UV-Booster
UV stabilizer, SPF booster, use level 1,00 %

INCI FERULOYL SOY GLYCERIDES

CapSol™
Natural and Multifunctional Sun Care Encapsulation and Delivery System

- Benefits**
- High SPF, Broad-spectrum Claims Up to 50% reduction in organic actives required to achieve desired SPF
 - Lower levels of UV filters
 - Long-lasting Hydration
 - Water Resistance without additional film formers

INCI CARTHAMUS TINCTORIUS (SAFFLOWER) OLEOSOMES, AQUA

- Properties**
- COSMOS Natural, NaTrue, VEGAN, CHINA Listed
 - Cell Carrier Technology
 - Use level: 1,0% – 10,0%

RESCONCEPT® SUN
Concentrated fluid emulsions for sun products

- Benefits**
- Smart and ready-to-use solutions for sun care
 - With particular attention to the undersea environmental biodiversity
 - Allows the preparation of hyper-fluid concentrated emulsions

RESCONCEPT SUN SPF 30 ECO REEF

- Included filters: EHS, DHHB, BEMT, EHT, PBSA
- China listed; Reef-friendly Sunscreen; UVA/UVB correct ratio; Water Resistant; Sustainable; Vegan; Moisturizing Pro-biotic; Biodegradability; Detox Pinus Extract
- Efficiency: 2,28

RESCONCEPT SUN SPF 50 ECO REEF

- Included filters: EHS, DHHB, BEMT, EHT, PBSA
- China listed; Reef-friendly Sunscreen; UVA/UVB correct ratio; Water Resistant; Sustainable; Vegan; Moisturizing Pro-biotic; Biodegradability; Detox Pinus Extract
- Efficiency: 2,33

RESCONCEPT SUN SPF 50+ TRADITIONAL REEF

- Included filters: OCR, EHS, BMDBM, BIS, EHT, PBSA
- China listed; Reef-friendly Sunscreen; UVA/UVB correct ratio; Water Resistant; Vegan; Biodegradability
- Efficiency: 2,18

Functional Minerals

ZincoSense

For skin care & colour cosmetics

ZincoSense is a versatile zinc oxide-based ingredient that is an excellent replacement for TiO₂ in colour cosmetics and can be used in skin protection products, such as diaper creams as well as for deodorants. It is COSMOS v4 certified for all applications

COSMOS
v4 certified

Ultra-high
purity profile

Monographed
skin protectant

Provides coverage
in color cosmetics

Baby Diaper Protection Cream (SLI-047)

Carefully selected active ingredients soothe irritated skin in the diaper area and leave baby's bottom soft and smooth. The diaper rash cream with zinc oxide is particularly mild, promotes wound healing and creates a natural moisture barrier.
